- All orders are to be placed online. Go to www.lamontbooks.com.au, select "Textbooks and Stationery" and choose your school from the list. Booklists **cannot** be handed in to school.
- If you require assistance to place an order, we have computers set up at our store and staff who can assist you with placing an order. Please note that if you attend our store during January you will not receive any items on the spot - orders will be delivered or available for collection at a later date.

PAYMENT OPTIONS:

- **Online payment methods:** PayPal, credit card (Visa or Mastercard only) or direct deposit (see below for instructions)
- **Direct deposit:** You **must** include your order number as the payment reference. If you do not, we may be unable to match your payment to your order. This may result in substantial delays.

If nobody is available to sign for the parcel a card will be left by Australia Post for the parcel to be collected from the Post Office. You will receive an email notifying you when your order has been despatched, containing the tracking number of your order.

- If you are going to be away and there will be no one to receive the delivery, please provide the relevant dates that you will be away in the comments section when placing your order and we will do our best to accommodate these requests.
- Occasionally orders may be delivered by our staff. In this case, a card will also be left for you to contact us if no one is available to sign for the parcel.

To assist families in identifying the correct edition of second hand text books, the below list shows the ISBN number and the recommended retail price for a new copy. Prices listed are correct as at 30 October 2020 and are subject to change.

ISBN numbers are unique and are also used as the barcode number. Check the barcode on the rear of the book, if it has been obscured by book covering the ISBN number can also be located in the first few pages of the book where the publisher information is listed.

Where the word (NEW) appears next to a title below, it indicates that the edition is being used at Friends' for the first time.

A note on terminology

Different publishers use different terms to describe their items.

Text book, course book or student book is used to describe a book that is a reference source so second hand copies can be utilised so long as the student has the correct edition. For some subjects, students will require access to the digital resources as well as the text book and where this is the case the booklist contains information about purchasing the digital resources separately if you have a second hand copy of the text.

Workbook, journal or activity book is used to describe a book where student write directly into the book with their answers. These are not able to be used second hand and students will require a new copy. For this reason, workbooks are not included in the below ISBN list.

Obook and ebook refers to the digital resources offered by the publisher to support the hard copy of text book and what is included and the length of time the digital resource is available varies between titles and publishers.
